God bless you. I hope this letter finds you well. I am writing on behalf of Lehigh Christian Academy to appeal for your support in a vital endeavor that will profoundly impact the future of our school. Our administrative team at Lehigh Christian Academy is excited to launch a transformative project that seeks to raise \$75,000 to upgrade several areas of our curriculum and provide a more enriching educational experience for our students.

LCA has upheld its original mission from its founding in 1973 of *providing a quality education that is Christ-centered*. Now, celebrating our 50th anniversary as a Christian school, we are even more committed to fostering spiritual growth and academic excellence in every student who passes through our doors. However, the quality of education that we can offer, and our ability to pivot and make large-scale changes, is profoundly affected by our limited resources. To maintain the high standards we aspire to, and adapt to the excellent faith-based resources available today, it is imperative that we invest in upgrading our curriculum and instructional materials.

The \$75,000 we are seeking to raise will be allocated to the following key areas:

- 1. Hands-on Curriculum Material** – our lead administrator has researched and identified new sets of curricula in various subject matters that will enhance learning and instruction both academically and spiritually. Materials include: new textbooks, workbooks, new novels, manipulatives, and classroom materials.
- 2. Teaching Tools and Resources** – tools for teachers to make the curriculum more robust. This includes, manipulatives, online resources, tests, additional activity workbooks, answer keys, and classroom materials that will help with organization and hands on learning.
- 3. Instructional Training & Development** – new curriculum is only as good as the capabilities of those teaching it. Therefore, we will be investing significantly in the training and development of our teachers so that they are able to effectively instruct our students going forward.

All gifts, less the value of any product received, are tax deductible as allowed by IRS regulations and will be used in the collective program efforts of Lehigh Christian Academy

As part of our appeal for your support, we want to make sure you understand what is driving us to make these changes in our learning environment. First and foremost is our commitment to providing our students with a curriculum that challenges them and pushes them to reach their highest potential. It's also been a high priority to identify resources that *effectively and biblically* integrate God's Word into the subject matter. We want our students to know who God is, learn about His creation and who He made them to be, and have the academic tools they need to go out into the world and bring glory to God in whatever field they choose.

In intentionally seeking out Christian publishers, we have learned that state funds will not help us pay for most of this faith-based curriculum. We do not want limited finances to stop our students from receiving these high-quality materials. By helping us purchase these resources, you will be helping us develop their academic skills, while also giving them biblical truth so they are mentally and spiritually prepared for whatever challenges they may face. We believe that by upgrading our curriculum and enhancing the educational experience, we can not only enrich the lives of our current students but also attract new families to join the Lehigh Christian Academy community. Your support in this endeavor is crucial for its success.

We kindly request your consideration in contributing to this campaign. Your donation, whether large or small, will not only help us achieve our fundraising goal but will also play a vital role in shaping the future of our students. We are eager to embark on this journey towards an even brighter future for Lehigh Christian Academy. Thank you for your consideration, your love, prayers, and support of Lehigh Christian Academy.

In the love of Christ,

Jeremy Kappes
